 - ERP, CRM, Fibu, Ticket, Shop, Website, Dataframe, Sfirm, Lodas, Creditreform, Outlook, Lucanet, Custom Excel Solutions, Anbu, AutoUpdater, Phone Time Tracking, Kanban, Owncloud, UPS, DPD
- ◆ **Many software solutions are only partially integrated**
 - ERP and CRM, Shop and CRM, Fibu and Lucanet
- ◆ **Many software solutions are not integrated**
 - CRM and Tickets, Shop and ERP, ERP and UPS
- ◆ **Software crashes**
 - Certain ERP buttons when clicked, Lucanet loses connection
- ◆ **Slow**
- ◆ **Bad user experience**
 - ERP/Fibu vertical scrolling, ERP/Fib window resizing, ERP/Fibu no multiple windows, ERP/Fibu/Lucanet no visualizations, Export to excel, user interface
- ◆ **Missing features**
 - Automatic reports, Reports and analysis which requires data/information from multiple systems like ERP and CRM
 - Modern time tracking/vacation tracking
 - HR Management
 - Automation of tasks: credit management, article price changes, document generation, approval processes

What Software SHOULD be/do!
